The meeting of the Prop Busters was called to order by **Charles Strang** at IHOP, 14424 San Pedro Ave, just north of Bitters on 281.

Visitors: Doug Ross

The April meeting minutes were approved.

President: **Charles** welcomed all.

VP/Safety Officer: **Bob** reminded all to stay hydrated, use sun screen and watch out for bugs and snakes. He also reminded all of us of the upcoming **Pop Gun Event for May 5**. There will be prizes, and the pilot lunch will include tamales, chili, beans and rice.

Secretary: **Terry** no comment.

Treasurer: **Jim** reported the current expenses, income, and account balances. If you need details contact Jim.

Newsletter: Standing order for the newsletter is that free ads and articles of interest for the newsletter need to be submitted by members to **John Gardner** by the 17th.

Web Editor: **Robert Jarzombek** has updated the website to include posting pictures and our upcoming events.

Early Bird Raffle: None

Membership: **Rick Storm** was absent but we all took care of ensuring our potential new

member was vetted before voting on his membership. **Doug Ross** recently moved to San Antonio from Kyle. He hasn't flown models in 16 years and was hoping to get back into the hobby. He had given his trainer and support stuff to his son long ago, so he needs everything to get up in the air again. He already had his AMA, money, and we produced an application on the spot. With all the boxes checked, **Doug's membership was approved by all.**

Old Business: None

New Business: None

Model of the Month: None

"Crash Chronicles: Bob Severance took the Baby Bee powered two channel "No Flicker", covered with tissue & dope. A poor launch put it into the ground. Its normal power source is a .049 engine, but the one on it had a leaky tank, so Bob swapped it with another engine that had a larger fuel tank. This swap moved the CG a bit too far forward (musta been too far forward to begin with). These moves precipitated the stuffing into the grass on the second flight.

Kevin Pellone flew his small P-51 UMC but ripped the wing in half. He was able to fix it in 30 seconds and flew again. He also has a P-47. The small planes are very light, so crash damage is typically easy to repair.

The Raffle:

Robert Jarzombek-LiPo Battery
Lloyd Roecker-NiMH battery, CA
Charles Strang-Pumice stone, fuel pump, tubing

Jim Branaum-Brown out capacitor, foam

Brian Saldana-CA

Lee Moore-CA

Terry Ullman via Don Gray-Kicker, wing bolts

Kevin Pellone-Pipets, bolts

Bob Severance-1/2A control horns

Adjourned 7:35 PM

Submitted by Secretary: Terry Ullman

NEED AN INSTRUCTOR?

Call Me,

Membership renewal time is here. Please see attached renewal form for complete renewal information. As usual, I would appreciate mailed in dues to the extent possible because it reduces the crush at the meetings. I will be collecting dues at the June and July meetings as well. Remember, August is catch-up month. If dues are not paid on or before the July Meeting you will be considered in delinquent status.

We now have 27 members on our Facebook Page at "San Antonio Propbusters MAC". That's 4 more than last month. There has also been more activity being recorded and posted. If you think nobody is flying, Think again. The more members we get to join the page the more it becomes a good vehicle to contact you and distribute information. Remember, the page is public and anybody can see what is posted. You must be a member of the group to post.

The following probusters have birthdays in June. When you see them, congratulate them for being one year wiser.

Day of Birth Member Name

1	Kenneth J. Rogers
3	Terry Taylor
7	Gary Harris
10	Jerry Giles
24	Richard J. Storm

See you at the field
