Most of the plane was recovered. The engine was initially lost in the lake, but Rick Carlo went looking for it and eventually found it. Rick Carlo offered up the River City's field for next year's event. Bob made a motion to have next year's event on October 16th, 2021 at the River City field and to apply for the sanction before the years end. The motion received a second and was approved via unanimous vote.

We will put in for two events next year but use this year's budget to pay for them.

Thank all of you for sticking with us while we seek to acquire a new flying field for general use.

We still have permission to use the San Geronimo Air Park Runway for Model aircraft Operation. Just a reminder, this runway is also used by full scale aircraft and a safety observer is always required.

We are still looking for a field and if anyone knows somebody that might link us to a suitable property PLEASE notify the officers so the contact can be followed up.

The following members celebrate another milestone date in DECEMBER. Wish them a happy birthday when you see them.
