Date: On 1/4/2022 at 7:00 PMish, the meeting of the Prop Busters was probably called to order by President, **Charles Strang** at IHOP, 14424 San Pedro Ave, just north of Bitters on 281.

President: **Charles** probably welcomed everyone and opened the meeting. **There may or may not have been visitors.** The October meeting minutes were probably approved. **Charles might have reminded all that actions taken by the club are based on motions made by members attending the meeting.** Motions are then discussed and voted on by the members present. All members are invited to seek officer positions that come up every year.

VP/Safety Officer: Bob likely reminded all to fly safe and wherever you fly, demonstrate a positive attitude, be proactive, and make new friends. Also stay hydrated, and watch out for that spinning prop!

Treasurer: Jim almost assuredly reported the current expenses, income, and account balances. Contact Jim if you need details.

Newsletter: Standing order for the newsletter is that free ads and articles of interest for the newsletter need to be submitted by members to **John Gardner** by the 17th.

Web Editor: We still need someone to volunteer to update the website to include posting pictures and our upcoming events and this may have been discussed

Early Bird Raffle- There may or may not have been an Early Bird Raffle.

Old Business:

Field Search: I'm fairly certain that some Old Business was discussed. The **BAMS** invitation for Prop Buster members to fly at their field as guests until we are able to acquire a field of our own hopefully still stands. Their field is located at Joshua Springs Park, out I-10 West about 6 miles past Borne, **Exit 533** toward Welfare, to 78013 FM 289. Enter the park and follow signs to the field. All present gave a round of applause to Sidney and the BAMS organization.

George Wilson may have reiterated that **ARCs**, located off Shepard Road, hosts an **open fun fly the Sunday after** their club meeting held on the **third Thursday of the month.**

New Business:

It is quite likely that some new business was discussed, but the details are so complex and the inescapable consequences of these far-reaching decisions so sensitive that the very fabric of time and space could be disrupted.

There may have been some models shown, and I'll bet they were beauties.

Crash Chronicles: No reports of any mishaps reached this recorder's ears.

The Raffle:

If there was a raffle, we owe a big thanks to **Bob Severance** and congratulations to everyone who won amazing prizes.

Possible MOTM Winner

Meeting probably Adjourned around 8:33 PMish

NEED AN INSTRUCTOR?

Call Me,

Thank all of you for sticking with us while we seek to acquire a new flying field for general use.

Remember, we still have flying rights at San Geronimo Air Park. San Geronimo is approximately 5 miles outside of 1604 on Culebra rd. If you have never been out there, you can give Ken Rogers a call. Ken's phone number is on the club roster you have been provided. Ken has a hanger rented at San Geronimo and will be happy to give you an introduction to flying from the Air Park. If your schedule doesn't mesh with his, please call one of the club officers listed in the newsletter and we'll see what we can work out. Remember you must always have a safety observer with you at San Geronimo to watch out for full scale aircraft as it is an active runway.

6 members celebrate a birthday in February. Wish Them a happy birthday when you see him.
